

## Press Release

### **Devoteam acquires Alegri, a leading player of Digital Workplace and Cloud Transformation in Germany**

**With this acquisition Devoteam reinforces its position and transformation capabilities in one of its strategic geographies**

Paris, July 12, 2018

**Devoteam**, a pure player in digital transformation of large organisations in EMEA, today announced the acquisition of 100% of Alegri International Service GmbH, a leading consulting company for Digital Workplace & IT transformation in Germany.

Alegri helps large accounts across various sectors (Automotive, Pharmaceutical, Industry, Finance, Retail), to move to a digital workplace, and agile cloud centric IT, notably using Microsoft solutions.

Alegri, headquartered in Munich with offices across Germany, Switzerland & Austria, has 240 employees and should achieve revenues of about €40 million in 2018 with a high single digit operating margin rate. The acquisition is subject to customary closing conditions, and should be consolidated as of July 1st, 2018. Alegri will become Devoteam|Alegri.

For Stanislas de Bentzmann, Devoteam co-founder & CEO, "this acquisition is a significant move for Devoteam to reinforce our overall position on the Digital Workplace space, one of our strategic offers, and it also brings our size in Germany, one of our strategic geographies, to close to €100 million revenues per year. With Alegri joining Devoteam we will be able to accelerate the growth of their current activities, while leveraging the group assets, especially our strategic partnership with Google, to provide strong Workplace & IT transformation offers to our German and International clients."

For Andreas Radix, Alegri COO, “we are excited to join an international group with an entrepreneurial culture, bringing our unique expertise to Devoteam’s strategic offer. This will give us the international reach and the capabilities to take greater commitments towards our large accounts customers. Alegri and Devoteam together now will be able to offer a broader approach to workplace transformation, secured & compliant by design, deeply transforming business lines (IT, process & people).”
